Chloe's very **careful with** money. She's not very **well off**, but she makes sure she's never **in the red**, so if she can't afford something, she just **saves up for it**. She **pays off** her credit card debt immediately, and when times are bad, she just **cuts back on** her spending.

The way he behaves, you'd think Luke was **rolling in money**, but he isn't. He finds it hard **to make ends meet**, he's often **in debt**, and he won't admit that he's **hard up**. Some of the time, he **lives off** his parents and I'm sure he never **pays them back**.
